also will learn to convey data in methods and results sections as well as be introduced to basic grant writing skills."

Dr. Gerdes made a motion to table this new course, HEAL 398, until the committee can gain clarity. A 300 level course should have prerequisites in place that warrant who can take a course and this course does not list ENGL 112 as a pre-req which contradicts the level implied by the course description. Dr. Andrew Blauch seconded the motion. There was no opposition.

III: COURSE DELETION

HEALTH PROMOTION:

HEAL 260, Life Span Development. Content of course being merged with revised HEAL 212 course (see above).

4. Other business: Dr. Scott Yarbrough mentioned that E-college will be coming to an end in the near future and we will solely use Blackboard. Faculty and departments will need to make adjustments, some of which may be curricular in nature.

There being no further business, the meeting was adjourned.

Respectfully Submitted,

Jennifer Mehaffey
