3. Exams must be recognized by the American Council on Education for college credit, and an approval form with the signatures of the department chairperson and the registrar is required prior to taking subject examinations. 6. Credit awarded for approved standardized subject exams will not include grade points, will not affect the Grade Point Average (GPA) and may not be used to meet residency requirements. A minimum score, which must be equivalent to a grade of "C" or higher, is required to receive credit for any approved standardized exam. The minimum score will be indicated on the approval form.
